

Princeton Town Hall

Princeton, New York

architecture+ worked with the Town of Princeton to replace their existing Town Hall with a modern building that could better meet their needs. We designed the new Town Hall so that all services can be easily accessed through the main entrance. The building includes the Town Court Facilities as well as offices for all Town Departments including the Assessor's Office, Building Inspector/Code Enforcement, Town Clerk/Tax Collector, Town Planner, and Water Department. In addition, there is public meeting space and community room that can be accessed without compromising the security of the rest of the building.
