

## Architectural Designer

We have an immediate opening for an Architectural Designer. The successful candidate will be a well-rounded and strategic thinker that will be responsible for project delivery from initial design stages to project completion.

### About You

- You have experience assisting on all aspects of architectural design from schematic design, design documents, construction administration, and project close-out.
- You are capable of gathering the necessary information to perform dimensional and routine calculations for drawings and design layouts and compliance with building codes.
- You are proficient in time management to facilitate working on multiple projects simultaneously.
- You have strong leadership skills, can translate visions into actionable challenges, and can collaborate on work within a project team to achieve extraordinary design solutions and outcomes.
- Your communication skills are excellent and enable you to communicate with project teams and as well as clients and consultants with confidence and ease.
- You are proficient in Adobe Suite, Revit, and Microsoft Suite.
- You have a professional architecture degree.
- You want to be continuously challenged and supported, while leading and growing in an architectural practice committed to excellence.

### About Us

architecture+ is located in beautiful downtown Troy in New York's Capital District. Since 1984 architecture+ has evolved into one of Upstate New York's most respected firms. We were founded on the premise of providing exemplary service to others and serving people and their communities is a conscious choice that leads to us to create not just buildings but celebrations of life.

We care deeply and passionately about performing to the best of our abilities and keeping our clients satisfied. Our staff is skilled in a wide range of services beyond traditional architectural practice, including feasibility studies, master planning, programming, space planning, interior design, site design, landscape design, and historic preservation.

While we are nationally known for our work with psychiatric facilities, we have also provided design and planning services for a diversity of healthcare projects including hospitals, an Alzheimer's center, skilled nursing facilities, medical clinics, dental clinics, medical offices, and independent living facilities. We also have extensive experience in the design of classrooms

administrative offices, laboratories, arts centers, auditoriums, residence halls, dining halls, and childcare facilities in college, university, and community settings. We understand the wide range of issues that influence the design of educational buildings, including the academic and funding schedules and processes that drive these projects and broader, campus-wide factors such as master planning, campus utilities, and population and scholastic trends.

At architecture+ we foster balance by giving our staff the freedom to transcend expected roles. We are proud of the open, collegial environment our people create as well as the clients we serve. Our respect for each other encourages balanced lives through minimal overtime and flexible hours. The results are a strong, rewarding, and collaborative combination.

architecture+ is proud to be named one of The Business Review's "Best Places to Work" 13 times. The award recognizes our achievements in creating a positive work environment that attracts and retains employees through a combination of benefits, atmosphere, and company culture. architecture+ is also proud to be named one of the top Small Employers by the Albany Times Union "Top Workplaces." We are honored to be the only architecture firm to receive an award this year and are touched by the special award that we received for Meaningfulness.
